TRAVEL TRAILERS & FIFTH WHEELS

29RLX

WELCOME TO AFFORDABLE *Luxury*

**28SGX**

**29RLX**

Whether you're a weekend warrior, a full-time snowbird, or planning week-long vacations throughout the year, you're sure to find the perfect home away from home in the Wildcat line-up. Wildcat offers everything from Travel Trailers to Ultra-Lite Fifth Wheels to Wide Body Quad Slide Fifth Wheels that are designed for any excursion you may have planned.

**312RLI**

## *Travel Trailers*

Affordable Luxury starts with more standard features than most travel trailers in its class. Wildcat strives to build quality into every trailer starting with state-of-the-art laminated construction using premium Lamilux 4000 fiberglass, 2" aluminum framing with a dense foam core, and an attractive light interior wall design.

Wildcat also uses Best-in-Class insulation for year-round comfort and has also included a convenient universal docking station not typically found on travel trailers. The result is superior strength, durability, comfort, and beauty.

**343BIK**

30GT

## Ultra-Lite Fifth Wheels

Designed for ease of towing with many of today's half-ton tow vehicles, and an optimal combination of comfort and convenience, the Wildcat Ultra-Lite fifth wheel lineup sets itself apart from the competition, delivering industry preferred features and options.

Tow with ease . . . Tow with confidence . . . Tow with a Wildcat Ultra-Lite

## *Fifth Wheels*

Affordable Luxury is a focus we have never wavered from since our launch over 17 years ago. Popular features create a home away from home, with beautiful Solid Surface Countertops, Raised Panel Cabinet Doors, matching Hardwood Fascia, and a 50" LED HDTV on a Swing Arm so there's never a bad seat in the house.

Our commitment to innovation, along with our unmatched quality, is what brings Wildcat customers back again and again.

## Wide Body Fifth Wheels

When you walk into a Wildcat Wide Body Fifth Wheel, you recognize the differences instantly. The extra width and height provides an “open” feeling not found in competitive products. Your journey upstairs is highlighted by a more spacious bathroom, increased walking space around your optional king-sized bed, and superior headroom at the master closet.

Best of all, our engineers have created floorplans that can only be perfectly executed by utilizing these extra “wide body” dimensions. When you are looking for affordable luxury combined with full-time expectations, Wildcat Wide Body Fifth Wheels are the perfect solution.

Download our Forest River mobile app or visit our dynamic online manual to enhance your ownership experience. These interactive options provide incredible ease and insight into use, maintenance and enjoyment of your Forest River product.

Ranging from "How-To" videos, pictures and illustrations of various components, systems and features, to fully searchable content and downloadable PDFs for individual component owner's manuals, answers are always just a click away.

View the online manual at [www.forestriverinc.com/OnlineManual](http://www.forestriverinc.com/OnlineManual) or download our FREE app from the App Store or Google Play!

### CUSTOMER SATISFACTION

[www.ForestRiverBuyLocal.com](http://www.ForestRiverBuyLocal.com)

### 24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.

**Coach-Net**<sup>®</sup>  
RV Technical & Roadside Assistance

### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*Estimated Average based on standard build optional equipment. \*\* Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
